## A. M. Palmer to Be Nation's Chief Lawyer

has been his right hand man. But the President's strong personal friendship for Palmer and the strong backing the Pennsylvanian received from other quarters has overcome Mr. Gregory's influence, however, it is learned.

Mr. Palmer served for a number of years as a member of the House of Representatives from Pennsylvania. He was a strong supporter of Woodrow Wilson for the presidency in his first campaign and was offered the post of Secretary of War but declined it for personal reasons. He has held several positions under the Wilson administration and is now Allen Property Custodian.

Mr. Todd is a Virginian, and in a measure was prevented from getting the place for that reason. To have appointed him would have raised the cry against putting the South completely in the saddle. Besides in Secretary of the Treasury Glass there is already one Virginian in the cabinet. Mr. Todd after finishing the study of law practical several years in New York and then took a place as a law clerk in the Department of Justice. He gained rapid promotion and in 1913 was appointed Assistant Attorney General by the President.

Since then he has acted as the government's "trust buster," having charge of several trust suits brought by the government. His last big job was the investigation of the Hog Island Shipyard, which he conducted by direction of the President.

## COLORED MAN IS FINED \$100 AND COSTS IN COURT

Richard Whittaker, colored, was fined \$100 and costs by Recorder Morey in the city court this morning, on a charge of selling liquor without license. Upon request of his attorney, Whittaker was allowed to renew his bond of \$250 and to appeal the case to a higher court.

Whittaker has appeared before the courts several times on a similar charge. His last arrest was made by Special Officer Tarrant, who swore that he saw the colored man sell liquor to another, in his place of business. Liquor seized at the time of Whittaker's arrest, was used as evidence in the case.

## GRAND LARCENY CASES ARE TRIED IN RECORD COURT

Grand larceny and train riding cases were tried before Judge Jones of the court of record yesterday morning, after which the session adjourned until this morning.

John Miller, white, who recently pleaded guilty on a grand larceny charge, having stolen \$81 from a fellow worker on a ship, drew a fine of \$100 and costs or one year in the county jail.

Henry Washington, a negro boy, 14 years old, was sentenced on the grand larceny charge, to two years in the Florida Industrial school, for the theft of an automobile from D. B. McMillan. The car was taken into Alabama, and brought back to Pensacola by Chief of Police Ellis. Essie Johnson, negro, 16, implicated in the theft and also charged with breaking and entering, was sentenced to four years in the reformatory.

James A. Duff, white, rode the rails, to Florida and will pay \$5 and costs or serve 30 days.

## TWO THRILLERS IS BASKETBALL BILL FOR TONIGHT

Tonight basketball lovers will be furnished with two exceptionally good games in the Senior Basketball League of the Y. M. C. A. Old P. H. S. will play the swift and sharp-eyed Eagles and the Hawks will tangle up with the Wilson-Biggs.

The Eagles were snowed under by the Wilson-Biggs last Wednesday and are eager to get at them again. The H. boys were somewhat encouraged by their showing in the league last Wednesday and they say they are going to bring home the bacon tonight.

The games will begin promptly at 8 o'clock and all players are to be on the floor by 7:45. There will be no admission charged.

The third game in the Junior League will be played this afternoon at the regular gym. The Bears will play the Lions.

## U. S. EMPLOYMENT SERVICE GROWS TO MEET DEMAND

Enlarged to meet increased business, the district U. S. employment service with headquarters in the city hall, has just been increased to cover the work of three additional counties, Holmes, Washington and Bay. This is in addition to the territory embraced in Escambia, Santa Rosa, Okaloosa and Walton counties.

The local board will continue to do the work of this larger area until a federal bureau is established in Marianna, which is a plan of the labor board for the near future.

A junior examiner will be sent to the Pensacola office, trained for the service and later sent on to Tampa. The enlarging of the field here has made it necessary that such an appointment be made.

## Would Issue Bonds to Build State Roads

(Continued from Page One)

the State Road Department of the State of Florida.

Second, That the Legislature enact a law prohibiting the leasing of State prisoners, said law to provide that, upon the termination of the present lease of such prisoners, all able bodied State prisoners be worked upon the public roads of the state under the supervision of the State Road Department.

Third, That the Motor Vehicle License Law be so amended as to provide for basing the State license tax on passenger automobiles on the actual weight of such automobiles instead of on the basis of horsepower, said amendment conforming to the basis of licensing existing in many other states and recommended by the American Automobile Association.

Nobody likes corn flakes better than me—says Bobby and I have the best—

POST TOASTIES

## DISCUSS WHO IS TO GET SALVAGE BRIDGE LUMBER

Discussion as to whether the county or the Converse Bridge Co. shall have the use of the lumber in the Bayou Chico bridge, a frame structure which will be torn down to make way for the steel and concrete draw to be constructed, was one of the features of the meeting of the board of county commissioners, called in regular session yesterday.

It is estimated that there is \$1,000 worth of material in the bridge, which the county might profitably use. The Converse Bridge Co. has made claim for the lumber, but precedent permits that the contracting firm, which demolished such a structure, be allowed the use of the old material.

If the lumber is turned over to the contracting company, it is said that they will probably construct a temporary bridge, for use while the new one is being built. This will do away with the necessity of forcing motor traffic from Fort Barrancas and the Naval Air Station, to be routed via Jackson street—instead of the more direct way across Bayou Chico.

## CONTROVERSY TO BE SETTLED BY COUNTY ATTORNEY

The controversy between John Gerkens, contractor for that part of the two bays and County Clerk MacGibbons, which involves the payment of a commission to Gerkens, in the account with the Standard Asphalt and Refining Co., for 2,000 lineal feet of rubber expansion joint, has been appealed to County Attorney R. Pope Reese. A decision will be given Saturday when the board of county commissioners meets in special weekly session to consider the road bills.

Gerkens had threatened to ship the joints, with the exception of a month's supply, back to the factory, if the bill were not paid, by yesterday, which would tie up the road construction to a considerable extent.

## COUNTY WILL NOT CO-OPERATE IN NEW PENSACOLA CLINIC

The city government will not meet with the cooperation of the county in the new clinic, which has been established in the rear of the municipal building.

A bill for \$29.05, sent to the county by the city board, for repairs made in fitting up the clinic, will not be paid, county commissioners decided yesterday. They stated that they had entered no agreement with the city.

Dr. W. L. Andres, county physician, had been granted authority previously to look after prisoners at the county jail, afflicted with venereal diseases. It is claimed that here the responsibility of the county ceases.

## ROTARY CLUB TO ASK EXPLANATION OF COMMISSIONERS

The Rotary Club will ask of the city commissioners why they have measure proposed for Pensacola in government sanitation work, according to Secretary J. L. Hendrick. John A. Merritt, Max L. Pear and Paul Stewart have been appointed a committee to confer with Mayor Sanders and Commissioners Pou and Hinrichs to ascertain why definite steps have not been taken to put in the proposed improvements.

Rotarians have gone on record as being solidly behind the better health movement, with a view also to preventing the spread of typhoid fever and other summer diseases with the beginning of warm weather. They have addressed a communication to the city board, to this effect, but as no reply has been received they adopted more drastic measures.

The committee appointed yesterday will work in conjunction with the public health committee.

## FOR STUBBORN COUGHS AND COLDS

Dr. King's New Discovery has a fifty year record behind it

"It built its reputation on its production of positive results, on its success in relieving the throat irritation of colds, coughs, grippe and bronchial attacks."

"Dr. King's New Discovery? Why, my folks wouldn't use anything else." That's the general nation-wide esteem in which this well-known remedy is held. Its action is prompt, its taste pleasant, its relief gratifying.

Half a century of cold and cough checking. All druggists. 60c and \$1.20.

Bowels Out of Kilter? That's nature calling for relief. Assist her in her daily duties with Dr. King's New Life Pills. Not a purgative in the usual dose, but a mild, effective, corrective laxative that teaches the bowels into action. 25c.

CAPT. BENNIE EDMUNDSON LAUNCHES TO RENT TELEPHONE 204

## CLERK CANNOT RECEIVE FEES FOR "ENROLLING"

A. M. McMillan, clerk of the court of record, will not be allowed to make charges for "enrolling," according to the rulings of State Auditor J. Will Yon, to whom the matter was referred by County Clerk MacGibbons.

Bills for "enrolling" have been presented to the county for payment, but according to Mr. Yon, section 737 of the general statute provides that an "officer shall not make, or charge or collect fees for his service, unless said fees be expressly authorized and that the amount be specified by law." He states that he is unable to find expressed authorization for enrolling fees, that the item is therefore in error and should not be allowed.

## COUNTY SAVED \$2,000; TAKES WARFIELD'S PLAN

Escambia county will be saved a total of \$2,000 through the acceptance of the blue prints, furnished by Lieutenant Commander R. M. Warfield, to the board of commissioners yesterday.

This is for the road being built as a connecting highway between Bayou Chico and Grande. The prints show changes in the grade which will cut down the cost of expense to this extent.

## Wilson Will Return to United States From the Peace Meet Feb. 16

(Continued from Page One.)

ties of the delegation and direct that there be restitution to China of properties in Shantung.

Franklin D. Roosevelt, assistant secretary of the United States navy, has virtually completed the work of disestablishing American share station in France. He will return to America on the George Washington with President Wilson.

The China-Japanese controversy is cropping out again in French newspapers. In a formal statement which has been issued, Japan reiterates her intention to hold the Marshall and Caroline islands, as well as to insist on the execution of the agreement with China, reached in September last, regarding the Shantung matter. This is not likely to delay the society of nations project, but it is probable that it will be considered later by that organization.

## BOY SCOUTS OF TROOP NUMBER 2 TO BE INSTALLED

Troop No. 2 Boy Scouts, who have completed the tenderfoot tests will be installed next Thursday night, at the Y. M. C. A. Scoutmaster Willis will be at the "Y" Tuesday and Wednesday evenings to assist tenderfoots who have not completed the requirements to do so.

## PENSACOLA ELECTRIC COMPANY TO MOVE TO NEW QUARTERS

New quarters have been sought by the Pensacola Electric Co., at the Greenhut building on East Garden street. The company will be moved from its present West Garden street location within the next week or two.

## LOCAL LAWYERS PAY TRIBUTE TO CHIEF JUSTICE

## RESOLUTIONS TO BE RECEIVED IN COURT THIS MORNING COMMEMORATING THE EVENT

Pensacola lawyers paid tribute yesterday to the late George P. Raney, former chief justice of the Florida supreme court, to the late Judge William A. Hocker, and to two of the younger members of the local bar association, Judge Kirby Monroe and W. A. Hocker, Jr., whom the October influenza epidemic claimed as victims. The circuit court passed in its session to do honor to them and to place a means of perpetuating their memory.

Upon motion of Judge John C. Avery, who asked that due honor be paid the two members of the Pensacola bar, Judge Campbell designated this morning, at ten o'clock, the time to receive the resolutions which will be spread upon the records of the court, and asked that every lawyer in Pensacola be present to add his personal tribute. J. E. Davis Young, C. L. Shline and John P. Stokes composed the committee to draft the resolutions.

The Escambia County Bar association will join with the state association in the memorial planned to the state justices for February 25th.

Read Resolutions Yesterday. Judge Avery, Judge Francis B. Carter and Judge E. C. Maxwell composed the committee which drafted resolutions read yesterday morning in Judge Campbell's court.

The resolutions adopted speak of the "high integrity, patient industry, profound research and great ability of Judge Raney," which contributed to give dignity and weight to the court, which fixed it high in the respect and confidence of the people and of the bar of this country; that these qualities of heart and mind were with him in the responsible executive and legislative offices which he filled with honor to himself and the state, and made him in private life a leader of

## 1,500,000 FRENCH KILLED

An Atlantic Port—France in four years of conflict to preserve her own liberty and that of the world, according to Andre Tardie, French vice commissioner to the United States, has lost 1,500,000 men killed and as many wounded. America owes France an enormous debt of gratitude for this heroic outpouring of her blood and also for the reported saving of thousands of lives in this country and throughout the world through the discovery by French peasants of a perfect remedy for stomach, liver and intestinal ailments which it is said, has relieved thousands of suffering and prevented thousands of surgical operations. Geo. H. Mayr, prominent Chicago chemist, imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always relieves inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Crystal Pharmacy and druggists everywhere—adv

## WILLIAM FISHER RETURNS FROM NATIONAL CAPITAL

William Fisher has returned from Washington, where he was called for a conference with the legal branch of the war department, with which he will be associated in the future. He will continue to retain his office here and divide his time between Pensacola and Washington.

## NELSON FREED FROM LIQUOR SELLING CHARGE IN COURT

Bill Nelson, arrested on a charge of selling liquor without a license, was discharged by Recorder Morey in the city court yesterday, when the defense maintained that the liquor seized at the time of Nelson's arrest was wood alcohol. Liability of the prosecution to prove otherwise necessitated the court giving Nelson his freedom.

the bar and of the people; that in his death the state lost one of its most eminent and revered citizens, whose public life in the legislative and judicial services of his state, the wide learning and the earnest effort which he brought to the performance of his duties and which were worthy of the high aims which inspired him, of his unassuming courtesy and cordial good will which made a measure of companionship and which will remain a cherished memory with those who were associated with him in his labors."

THE strong and vigorous man or woman is envied by less fortunate humanity afflicted with aches, pains, infirmities and ailments. The sufferer will say, "How happy I should be, for health is more essential to the joy of living than is wealth."

The kidneys are most literally the blood and keep it clean and free from impurities. When the kidneys are out of order, they fail to filter out the waste and poisonous matter. It remains in the system to cause backache, rheumatic pains, sore muscles and all kinds of ailments.

## Foley Kidney Pills

Help the system eliminate this poisonous waste. They cool, strengthen and heal sore, weak and diseased kidneys and bladder. When the kidneys are working properly, appetite returns, refreshing sleep is possible, and health and strength come again.

C. W. Smith, 135 N. 4th St., Salina, Kas., writes: "I am very much pleased with Foley Kidney Pills. I am working in a coal yard and have been very much troubled with my back. I have taken several doses of Foley Kidney Pills and feel much better."

## Indigestion, Bloat, Heartburn, Caused by Acid-Stomach.

What is the cause of indigestion, dyspepsia, bloat, heartburn, food-repeating, belching, acidity, sour stomach, and so many stomach-miseries? Just this—acid-stomach—superacidity as the doctors call it. It robs millions of their full strength, vitality and the power to enjoy life—to be real men and women.

It is well known that an acid mouth destroys the teeth. The acid is so powerful that it eats right through the hard enamel and causes the teeth to decay. This is a fair warning of what excess acidity will do to the delicate organization of the stomach as a matter of fact, excess acidity not only produces a great many painful and disagreeable symptoms, but it generally means "stomach troubles," but it is the creator of a long train of very serious ailments. Acid of any serious amount will disorganize and causes the food to ferment. This mass of sour fermented food poisons into the intestines, where it becomes the breeding place for germs and toxic poisons, which in turn are absorbed into the blood and distributed throughout the entire body.

Wherever you go you see "stomach troubles" and "acid stomach" while not actually downy, they are always ailing—have no appetite.

Sold Exclusively by LAXCARIN PRODUCTS CO., PRICE—\$1.00 per Box; 6 Boxes, \$5.00. Mailing Orders, Cash or Registered Letters, Dept. No. E-11, Pittsburgh, Pa.

## AMUSEMENTS

"The She Devil" In the William Fox production "The She Devil," in which Theda Bara portrays the leading role, being shown at the Pastime Theatre, the screen star carries a dagger that has a remarkable bit of history.

The dagger is said to have been owned by a famous Mexican bandit and is from a collection of many curios sent Miss Bara by a Mexican admirer. "The She Devil" is one of Miss Bara's best plays. It will be at the Pastime Theatre Sunday.

## TO ALL WOMEN WHO ARE ILL

This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."

Mrs. JOHN KOPELMANN, R. No. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will well pay any woman who suffers from displacements, inflammation, ulceration, irregularities, lackache, headaches, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

A vote for Felo McAllister is a vote for a business administration and proper conduct of city affairs.

## Indigestion, Bloat, Heartburn, Caused by Acid-Stomach.
